other wood species on demand

QUALITY WOOD PRODUCTS

FORESTRY

We are strongly committed and involved with sustainable managed forestry and reforestation projects. Therefore, besides non-certified wood products, we supply certified wood products which comply with the Forest Stewardship Council (FSC) regulations. Many companies in Europe, Australia, Canada and the USA are on board.

WE STAND BEHIND THE HIGH QUALITY WE SHIP

Our reputation is built on reliability. You can expect top performance from the very moment of your initial inquiry to the arrival of the product at destination.
